## **WHOLESALE PRICE LIST 3420**

**SEASON 1934-1935**

**December 1, 1934**

### **PLEASE NOTE**

All summer prices and other quotations not accepted to date are hereby cancelled.

**Prices.** All prices herein are strictly net, to the trade only and for goods at our nursery unless otherwise stated. This list means what it says both as to prices and terms and we do not deviate from it.

**Terms.** To buyers of known or established credit, 60 days from date of invoice. Otherwise cash with order or 25% with order, balance C. O. D.

**Quantities.** Five or more plants of one kind and size will be supplied at 10 rate; 25 or more at 100 rate; for less than 5 of one kind and size add 20% to 10 rate.

**Grading.** Plants that are wider than tall are graded by width.

**Packing.** At cost as usual, including paper pots if used. Plants will be packed to secure lowest possible freight classification consistent with the nature of the goods shipped. Packing free if cash comes with order.

**Pots.** Prices of pot-grown stock do not include pots and unless otherwise instructed plants will be shipped without them. If wanted in the pots they will be charged for at cost, but may be returned and credit will be given.

**Shipping.** Our responsibility ceases when goods are delivered to transportation company in good order. They travel at buyer's risk. Please state distinctly whether you wish goods shipped by freight or express and where water shipment is possible be sure to specify by water or rail as you may prefer.

**Other Stock.** This list covers stock for shipment from our San Jose Nursery. We also act as selling agents for several other growers so shall be glad to have inquiries for any material grown on the Pacific Coast but not listed herein.

**Complaints.** Must be made within 10 days after buyer receives the goods.

**Code.** Should any state or national code be adopted which is contrary to any conditions specified in this list, the code will prevail from date of its adoption.

This firm is a member of

**CENTRAL CALIFORNIA NURSERYMEN'S ASSOCIATION.  
CALIFORNIA ASSOCIATION OF NURSERYMEN.**

# Novelties and Scarce Items

Special attention is called to the following interesting lines. Sizes, prices and brief descriptions in the corresponding divisions of this list.

## CONIFERS

ABIES nordmanniana and pinsapo

MAGNOLIA, deciduous varieties  
SYRINGA, Named Lilacs  
VIBURNUM carlesi

## CLIMBERS

HEDERA canariensis variegata  
WISTERIA, Pink and Double Purple

# Lining Out Stock

Although we have considerable material of this class, particularly high grade grafted conifers, we have decided not to include it here but to issue a special list of it along toward spring. If you want a copy and do not receive it by March 15, please ask for it. Should you wish quotations sooner we will gladly give them on request.

# Abbreviations

It is important for buyers to know whether they are getting seedlings or cuttings, etc., so we have shown how every item was propagated using the following abbreviations:

B—budded  
C—cuttings

G—grafted  
S—seedlings

# Novelty

## Abelia Floribunda

### RED ABELIA

**The best Broad Leaved Evergreen novelty in years!**

Wherever climate permits the growth of other Abelias, this new one will rapidly acquire the greatest popularity as it "has everything!"

Habit spreading with erect shoots; maximum height probably not over 4 ft., leaves evergreen, small and handsome; flowers enormous compared with other Abelias, trumpet-shaped and from 1½ to 2 inches long (illustration is slightly less than natural size); color bright rose red.

Bears an unbelievable profusion of bloom and well deserves the name "floribunda."

The wise ones will get a start on this without loss of time. We do not expect our limited stock for this season to last long so better hurry!

Prices for plants from 4 in. pots:

	5@	10@	25@	50@
With long shoots .....	.75	.70	.65	.60
With shorter shoots .....	.65	.60	.55	.50

# Conifers

NOTE: A large portion of our conifers are grafted on seedling roots which gives them a far better root system than when grown from cuttings.

Unless otherwise stated all plants in this section will be balled at prices quoted.

<b>ABIES cephalonica, GREEK FIR</b>		<b>10</b>	<b>100</b>

3 in. pot 1½ to 2 ft. S.....	.18	.15

# BROAD LEAVED EVERGREENS

	10 rate	100 rate
<b>BORONIA elatior</b>		
A beautiful but little known shrub. Foliage finely cut and very fragrant. Flowers like large rosy pink heather blooms practically cover the plant for a long period.		
4 in. pot 1 to 1½ ft. C.....	.30	.25
<b>BRUNFELSIA calycina (floribunda)</b>		
Among the best novelties in years. Shrub of erect, slow growth with foliage about like California Privet. Flowers about the size and shape of Vinca, open deep violet and last about a week. They gradually change to pure white and as the color lightens, the rich fragrance is intensified. It has a tremendous spring crop of flowers and scattering the rest of the year except in mid-winter. The presence of violet, lavender and white flowers at the same time adds to the striking effect. It is Solanaceous and its fragrance, which seems identical with our native "Blue Witch," will perfume the neighborhood. We can supply this from either San Jose or Los Angeles.

# FLOWERING FRUIT TREES

## FLOWERING CHERRIES

As a result of 15 years' collecting, we have the largest commercial collection of Japanese Flowering Cherries in America. Furthermore, all duplicates have been eliminated and by working in conjunction with the U. S. Dept. of Agriculture, we have our varieties correctly and authentically named.

### ERECT GROWING VARIETIES

Group No. 1				10 rate	100 rate
A	6	to 7	ft. B & G.....	1.00	.85
B	5	to 6	ft. B & G.....	.80	.75
C	4	to 5	ft. B & G.....	.65	.60
D	3	to 4	ft. B & G.....	.55	.50

Letters after each variety show sizes available per price schedule above.

**AKEBONO** (Daybreak). ABCD

(Dbl. Pink Weeping). ABCDEF

**SHIDARE-YOSHINO**,

(White Weeping). BCDEF

### SPECIMEN FLOWERING CHERRIES

Above prices are for usual grade. We can also supply an excellent assortment of beautiful specimen trees in various sizes and ages both erect and weeping; some in containers, some from open ground. Of course these flower profusely and at once. If interested in trees of this class come to the nursery and see them if possible or write, giving an idea of your needs and we will quote.

# FLOWERING FRUIT TREES

## FLOWERING PEACHES

### ERECT GROWING VARIETIES

	10 rate	100 rate
<b>Mandarin</b>		
This delightful dwarf variety is only a shrub unless top-grafted. Foliage dark and nearly evergreen but it drops in time to avoid obscuring the solid mass of double red flowers whose color is probably the richest shade of red in the whole range of F. F. trees.		
1½ to 2 ft. B.....	.55	
1 to 1½ ft. B.....	.40	

### Assorted Varieties

6 to 7 ft. B.....	.50	
5 to 6 ft. B.....	.45	.40
4 to 5 ft. B.....	.40	.35
3 to 4 ft. B.....	.35	.30

Burbank, double pink  
 Camelliaflora, (California Double Red)  
 Clara Meyer, double pink  
 Double Cerise, late  
 Double Maroon  
 Double White  
 Early Red, double red  
 Peppermint Stick, double variegated red and white.  
 San Jose Pink, double pink, earliest of all.  
 Woodside, double variegated, red and pink.

### Combination Trees, 3 colors on each tree (Dbl. Red, Dbl. White, and Dbl. Pink)

6 to 7 ft. ....	1.50
5 to 6 ft. ....	1.25

### Combination Trees, 2 of above colors on each tree.

6 to 7 ft. ....	1.00
5 to 6 ft. ....	.75

### WEEPING VARIETIES

<b>Double Red Weeping</b>		
4 ft. stem .....	.85	
<b>Double White Weeping</b>

<b>Versicolor Weeping</b>		
5 ft. stem .....	1.00	

## FLOWERING PLUMS

### PRUNUS blirieana

Leaves purple, flowers double pink.

6 to 7 ft. B.....	.65	
5 to 6 ft. B.....	.55	.50
4 to 5 ft. B.....	.45	.40
3 to 4 ft. B.....	.35	.30

### pissardi

Leaves purple, flowers single.

heavy 6 to 8 ft. B.....	1.00
heavy 5 to 6 ft. B.....	.75
regular 5 to 6 ft. B.....	.50
regular 4 to 5 ft. B.....	.40

### triloba fl. pl.

4 to 5 ft. B.....	.50
3 to 4 ft. B.....	.40

### Vesuvius

5 to 6 ft. B.....	.55
4 to 5 ft. B.....	.45

## FLOWERING QUINCES

See Cydonia in Deciduous Shrubs.

# Bulbs

An important line with us, but we haven't room in this list. **Tuberous Begonias** are shipped from December to April. Nothing finer can be produced than ours as they are grown from the world's finest imported seed. If interested please ask for quotations..

We can also still supply **Gloxinias** and **Yellow Callas**.

# Deciduous Trees

All plants in this section will be dug bare roots unless otherwise specified.

	10 rate	100 rate
<b>ACER dasycarpum, SILVER MAPLE</b>		
6 to 8 ft. S.....	.50	
5 to 6 ft. S.....	.40	.35

## **negundo argenteo-variegatum, VARIEGATED BOXELDER**

Leaves brilliantly silver-variegated. Our trees have very well developed heads and are unusually fine. A good seller.

6 to 8 ft. B.....	1.00	.90
-------------------	------	-----

## **platanoides, NORWAY MAPLE**

same sizes and prices as Schwedleri  
(no 6 to 8 ft.)

## **platanoides schwedleri,**

### **SCHWEDLER PURPLE MAPLE**

Foliage intense purple in Spring and early summer. Splendid street tree. Thousand rates on request.

14 to 16 ft. B.....	1.50	1.25
12 to 14 ft. B.....	1.25	1.00
10 to 12 ft. B.....	1.00	.85
8 to 10 ft. B.....	.75	.65
6 to 8 ft. B.....	.65	.60

## **saccharum, SUGAR MAPLE**

12 to 14 ft. S.....	1.50
6 to 8 ft. S.....	.75

## **BETULA pendula (B. alba)**

### **EUROPEAN WHITE BIRCH**

Same sizes and prices as for B. pendula  
gracilis, also 5 to 6 ft. ....

.75 .60

## **pendula gracilis, CUTLEAF WEEPING BIRCH**

14 to 16 ft. B.....	2.00	1.75
12 to 14 ft. B.....	1.50	1.25
10 to 12 ft. B.....	1.25	1.10
8 to 10 ft. B.....	1.10	1.00
6 to 8 ft. B.....	.85	.75

## **pendula youngi, YOUNG'S WEEPING BIRCH**

Has the usual white trunk and same foliage as European. It is entirely different in habit from Cut-leaf Birch as the main branches droop irregularly giving the tree an artistic appearance entirely free from formality.

6 to 8 ft. B.....	1.25
5 to 6 ft. B.....	1.00

## **CRATAEGUS carrierei, CARRIERE HAWTHORN**

Dark green foliage and clusters of large lustrous red berries which are borne from second year on.

10 to 12 ft. B branched .....	1.50	1.25
8 to 10 ft. B branched .....	1.10	1.00
6 to 8 ft. B branched .....	.90	.85
5 to 6 ft. B branched .....	.80	.75
4 to 5 ft. B branched .....	.65	.60

## **coccinioides**

Native of eastern U. S. Large leaves and bears a fine crop of large berries.

6 to 8 ft. B branched .....	1.20
-----------------------------	------

## **cordata, WASHINGTON HAWTHORN**

7 to 8 ft. B branched .....	1.25	
3 to 4 ft. B branched .....	.55	
6 to 8 ft. B whips .....	.75

--------------------	-----	-----

## indica rosea, PINK CrapeMyrtle

4 to 6 ft. C.....	.75	
3 to 4 ft. C.....	.60	

## DECIDUOUS SHRUBS

All the deciduous Oriental Magnolias offered below will have one or more flower buds EXCEPT *M. stellata*.

	10 rate	100 rate
<b>MAGNOLIA liliflora nigra,</b>		
<b>PURPLE LILY MAGNOLIA</b>		
This variety is of erect, rather narrow growth. Flowers stand erect, deep purple outside but very light inside.		
5 gal. can 4 to 5 ft. G.....	2.75	
<b>soulangeana, SAUCER MAGNOLIA</b>		
balled 2½ to 3 ft. G.....	2.00	
balled 2 to 2½ ft. G.....	1.50	
balled 1½ to 2 ft. G.....	1.25	
balled 1 to 1½ ft. G.....	1.00	
<b>soulangeana nigra,</b>		
<b>PURPLE SAUCER MAGNOLIA</b>		
This differs from <i>M. liliflora nigra</i> as follows: Growth more spreading; flowers dark purple outside and deep rosy purple inside. Usually has some summer flowers.		
balled 1½ to 2 ft. G.....	1.50	
balled 1 to 1½ ft. G.....	1.25	
<b>soulangeana speciosa,</b>		
<b>STRIPED SAUCER MAGNOLIA</b>		
balled 1½ to 2 ft. G.....	1.25	
balled 1 to 1½ ft. G.....	1.00	
<b>stellata, STAR MAGNOLIA</b>		
balled 1½ to 2 ft. G.....	1.50	
<b>PHILADELPHUS</b>		
Group No. 1		
4 to 6 ft. C.....	.60	
3 to 4 ft. C.....	.50	
2 to 3 ft. C.....	.40	
1½ to 2 ft. G.....	.35	
Albatre		
Girandole		
Virginale		
These 3 are the best of the newer French Hybrids. All bear a profusion of very large, pure white, double or semi-double flowers.		
Group No. 2		
4 to 6 ft. C.....	.45	
3 to 4 ft. C.....	.40	
2 to 3 ft. C.....	.30	
coronarius, SWEET MOCKORANGE		
grandiflorus, BIG MOCKORANGE		
<b>PUNICA granatum, POMEGRANATE</b>		
Double Scarlet		
6 to 8 ft. C.....	.50	.40
4 to 6 ft. C.....	.40	.35
3 to 4 ft. C.....	.35	.30
Double Variegated		
Also known as Mme. Legrelle. Flowers double red variegated with creamy yellow. Same sizes and prices as Dbl. Scarlet.		
<b>granatum nana, DWARF POMEGRANATE</b>		
balled 1 to 1½ ft. ....	.60	
gal. can 1 to 1½ ft. ....	.30	.25
<b>SPIREA Anthony Waterer</b>		
2 to 3 ft. C.....	.40	
1½ to 2 ft. C.....	.30	.25
1 to 1½ ft. C.....	.25	
<b>froebeli, FROEBEL SPIREA</b>		
2 to 3 ft. C.....	.25	.20
<b>reevesiana lanceolata (cantoniensis fl. pl.),</b>		
<b>DOUBLE REEVES SPIREA</b>		
Quite a favorite in California as here the foliage is practically evergreen.		
4 to 5 ft. C.....	.55	.50
3 to 4 ft. C.....	.40	.35
1½ to 2 ft. C.....	.39	.25

<b>PERSIAN LILAC</b>		
4 to 6 ft. C.....	.50	
<b>vulgaris, COMMON LILAC</b>		
6 to 8 ft. S.....	.60	
4 to 6 ft. S.....	.50	
3 to 4 ft. S.....	.40	

# Lilacs

## Named Varieties

We have tested about 150 varieties and have gradually eliminated all but the very best sorts. All are grown by budding and as we pinch them when only a few inches tall they are all well branched and practically all bloom from first season on.

Named varieties of Lilacs are divided into two groups. Special List and General List, based mainly on rate of growth.

Sizes available for each variety are indicated by letters A, B, C, etc., following names in variety list below.

### SPECIAL LIST

				10 rate	100 rate
B 5	to 6	ft. B.....		1.10	1.00
C 4	to 5	ft. B.....		.85	.75
D 3	to 4	ft. B.....		.70	.60
E 2	to 3	ft. B.....		.55	.50
F 1½	to 2	ft. B.....		.45	.40
G 1	to 1½	ft. B.....		.40	.35

### Double Flowered

Georges Bellair, buds red, flowers purple DEFG  
 Jeanne d'Arc, double white. EFG  
 Katherine Havemeyer, buds mauve, flowers lilac blue CDEF  
 Mrs. Edward Harding, rosy carmine. EFG  
 My Favorite, mauve blue. CDEFG

### Single Flowered

Christopher Columbus, buds mauve, flowers blue. DEF  
 De Miribel, violet, long clustered. EFG  
 Diderot, dark purple, long clusters. EFG  
 Dr. Lindley, lilac-purple. CDE  
 Edmond Boissier, dark bluish purple. CDEFG  
 Jan Van Tol, snow white. DEFG  
 Mme. Francisque Morel, reddish purple, enormous clusters. DEFG  
 Volcan, darkest purple, late. EFG

### GENERAL LIST

# Grafted Wisterias

All stock offered is bench grafted and grown in the open ground, not staked, to the age specified not counting the year they were grafted. Most of them will start blooming at once. "Bare roots" unless otherwise stated.

<b>multijuga longissima,</b>	10	100
<b>EXTRA LONG JAPANESE WISTERIA</b>	rate	rate

We are sold out for the season on all older stock of this wonderful variety.

1 year .....	.65	.60

2 year .....	.80	.75
1 year selected .....	.60	

**floribunda violacea plena,**  
**DOUBLE VIOLET WISTERIA**

1, 2, 3, & 4 yrs. Flowers are like double violets. Color very deep purple. Rare.

**multijuga, JAPANESE WISTERIA**

1 & 2 yrs. only.

**multijuga alba, WHITE JAPANESE WISTERIA**

1, 2, 3, & 4 yrs.

**multijuga rosea,**

**PINK JAPANESE WISTERIA**

1, 2, 3, & 4 yrs. These are genuinely pink. There seem to be inferior strains of so-called pink wisterias. All our propagation is from our own blooming plants which bear beautiful pink flowers in long clusters.

**sinensis alba,**

**WHITE CHINESE WISTERIA**

1, 2, 3, and 4 yrs.

**venusta, SILKY WHITE WISTERIA**

1, 2, & 3 yrs. only.

**var. Mrs. McCullough**

1 & 2 yrs. only. A rare and beautiful variety. Flowers large purple in compact clusters. The wood is very short-jointed making this the best variety where space is limited.

## NEW VARIETIES

Imported and propagated under U. S. D. A. permit.

**multijuga Issai**

purplish blue; flowers very young and freely.

1 year .....	1.00
--------------	------

**multijuga Jako**

White, very fragrant.

1 year .....	1.00

**sinensis rubra (Beni Fuji)**

Pink flowers, large clusters.

3 year .....	1.50
--------------	------

2 year .....	1.25
--------------	------

1 year selected .....	1.00
-----------------------	------

## STANDARD WISTERIAS

A splendid novelty we recently put on the market. Stems are about 4½ to 5 ft. tall.

The pink listed below as heavy are genuine specimens with strong stems and 4 year heads. Most of them bloomed last spring and should again this coming spring.

The "regular" stock is of course much lighter but sufficiently developed to make a good showing.

The "light" stock is simply a start in the right direction but with stem of full height and head commencing to form.

A heavy .....	3.00

**multijuga longissima. C**

**multijuga rosea. ABC**

**sinensis. C**

**venusta. C**

# Roses

We grow bush and climbing roses extensively. If interested ask for List 3409. After digging is completed and advance orders are filled we will issue a revised list.

## STANDARD ROSES

We are decidedly proud of our Standard Roses; nothing finer is grown anywhere. Stems are uniformly 3½ ft. All are DORMANT BUDDED (3 buds) and heads grown for at least a full year. Even our medium grade will compare favorably with much that is commonly put out as first grade, particularly if "June budded."

	10	100
	rate	rate
2 yr. selected No. 1 .....	1.15	1.10
2 yr. medium grade .....	.90	.85

## MUSA arnoldiana (new), ARNOLD BANANA

Grown from imported seed. Said to be hardier than the Common Abyssinian Banana and the leaves do not tear so badly in heavy winds.

5 in. pot 2 ft. ....	.85
----------------------	-----

## WOODWARDIA radicans

We can supply collected Woodwardia Fern roots @ \$6.00 per 100; \$3.50 per 50. No shipment less than 50.

# Bird's IMPROVED NEPONSET Flower Pots

We are agents for Bird & Son's famous Neponset Paper Pots. The colored pots, now greatly improved, are used for growing and the red (same as we use ourselves) for shipping. Prices are at factory in Mass. They can be shipped economically to any point in California, Oregon or Washington via Panama Canal. Orders accepted for case lots only.

Size	Quantity per case	Weight per case	Price per 1000	
			Red	Black
